3.2 Logging In

The image shows a login form titled "Login with TK Park account". It contains two input fields: "Username" and "Password". Below the "Username" field is a link "Forgot username", and below the "Password" field is a link "Forgot password". At the bottom of the form, there are three buttons: a red "Log in" button, a grey "Cancel" button, and a "Register" button. The "Register" button is highlighted with a yellow box. The text "New account" is positioned to the left of the "Register" button, and "here" is to its right. Yellow arrows point from the labels on the right to the corresponding elements in the form.

5.Open Project

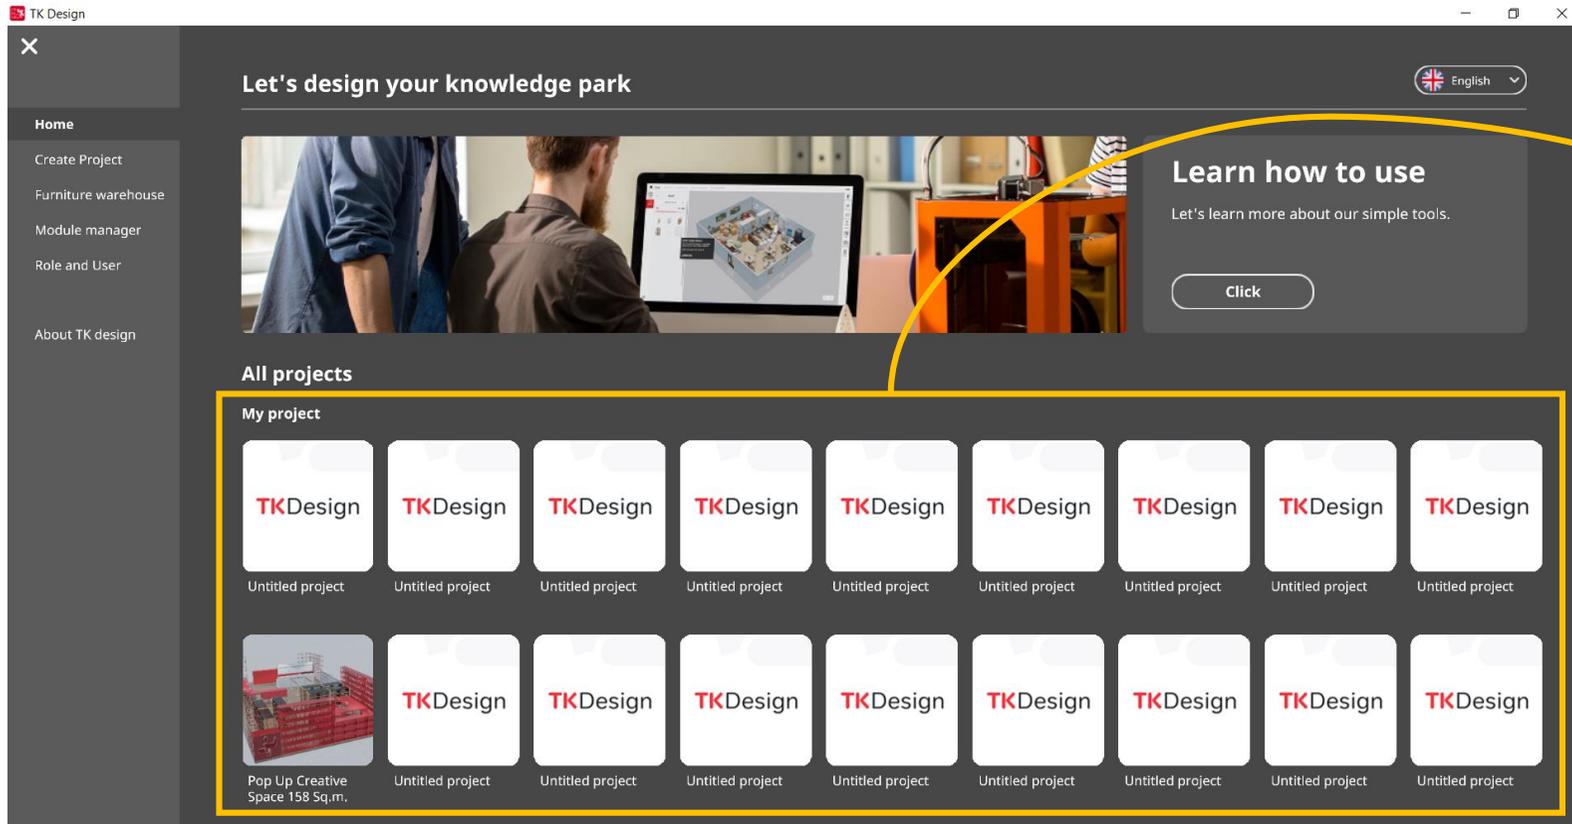

Open project: no created project

The screenshot shows a dark-themed web application interface. On the left is a vertical navigation menu with three items: 'Home', 'Create Project', and 'About TK design'. The main content area has a header with the text 'Let's design your knowledge park' and a language selector set to 'English'. Below the header is a banner image of two people looking at a computer monitor. To the right of the banner is a 'Learn how to use' section with a 'Click' button. The main content area is titled 'All Project' and contains a 'My Project' section. This section features a large grey icon of a document with a grid, the text 'No project yet', the subtitle 'Create your first knowledge park', and a prominent red button labeled 'Create new project'. A yellow arrow points from this button to the right side of the slide.

The screenshot shows the TK Design software interface. On the left is a menu panel with three main categories: 'Project' (Managing Building and Floors), 'Structure' (Managing Project Structure), and 'Decoration' (Decorating Project). Below the menu panel is a sidebar with three icons: 'Project', 'Structure', and 'Decoration'. The 'Project' icon is highlighted with a red box. In the center, there is a 'Design' tab with a 'Create Project' button highlighted by a yellow box and a red circle with the number '1'. Below the 'Design' tab is a list of project items: 'Untitled project' (with an edit icon), 'Building 1' (with a right arrow), and '+ Add Building'. The main workspace on the right is a 3D view with a blue sky and a grey grid floor. Yellow arrows point from the text annotations to the corresponding UI elements: 'Create Project 1' points to the 'Create Project' button; 'Edit' points to the edit icon next to 'Untitled project'; 'Add Building' points to the '+ Add Building' button; and 'Building' points to the 'Building 1' entry in the sidebar.

Project : Building and Floors

The screenshot displays the TK Design software interface. On the left is a vertical menu panel with three main categories: Project, Structure, and Decoration. The Project category is highlighted with a red box and contains the sub-option 'Managing Building and Floors'. The Structure category contains 'Managing Project Structure', and the Decoration category contains 'Decorating Project'. In the center, a smaller window titled 'Building 1' shows a 2D floor plan with a wooden floor texture and a red border. Below this window is a '+ Add Floor' button. On the right, a large 3D perspective view shows a rectangular building with a wooden floor and a red outline. Annotations with yellow arrows point to the 'Project' icon in the menu panel, the '+ Add Floor' button, and the pencil icon next to the 'Building 1' title.

15.Managing Furniture Set

Deleting Furniture Set

The screenshot shows the TK Design software interface. On the left is a sidebar with navigation options: Home, Create Project, Furniture warehouse, Module manager (selected), Role and User, and About TK design. The main area is titled 'Module Manager' and contains a 'Module list' table. The table has two columns: 'Preview' and 'Name'. The first row is highlighted, and a context menu is open over it, showing 'Edit' and 'Remove' options. A yellow arrow points from the 'Remove' button to the text 'Delete delete furniture set' on the right.

Preview	Name
	Large Wooden Libra
	Seat Table
	Registered table
	Rubber Mat 4x4
	Wood zone
	Spider coffee set
	Meeting Set

Role Setting

Choose level of role for each user

Users

Manage the user according to the role. Can add or delete users

16.Role and Users

Management of Roles and Users

The screenshot shows a web application interface for managing roles and users. The interface is divided into several sections:

- Role Category:** A list of roles including Guest, Member, Admin, and New role. An annotation points to the 'New role' button, stating 'Can add more role category'.
- Role Setting:** A table with columns for Role, Project Manager, Furniture Manager, Module Manager, and Role and User. A 'New role' row is visible. An annotation points to this section, stating 'Choose level of role for each user'.
- User:** A section with an input field 'Add user by name or email...', an 'Add' button, and a search field. An annotation points to the 'Add' button, stating 'Fill in Name or Email to Add Role' and 'Can add role to a user by fill in name or email and click "Add" to add the user to selected role'.
- List of Users:** A table with columns for Name and Email. A message 'No user in this role' is displayed. An annotation points to this section, stating 'Display names of users and role'.
- Search:** A search field with a magnifying glass icon. An annotation points to this field, stating 'Search users'.
- Users:** A section with an annotation stating 'Manage the user according to the authority. Can add or delete users'.

16.Role and Users

Displaying Role and List of Admins

The screenshot shows a web application interface for role and user management. The interface is in Thai and features a dark theme. On the left, there is a sidebar with navigation options: หน้าแรก, สร้างโครงการ, ศูนย์รวมฟอร์มฟอร์ม, ศูนย์รวมโมดูล, สิทธิ์และผู้ใช้ (selected), and เกี่ยวกับ TK Design. The main content area is titled "สิทธิ์และผู้ใช้" and includes a "สร้างสิทธิ์" button. Below this, there is a list of roles: Admin (highlighted), Guest, and Member. To the right, there is a section for "การตั้งค่าสิทธิ์" (Role Settings) with a table showing the configuration for the Admin role. Below that, there is a section for "ผู้ใช้" (Users) with a search bar and a table listing users with their names and email addresses.
